Brent Petersen
PO Box 301
Evanston, WY 82931

Dear Mr. Petersen,

I am writing in regard to several emails you sent to Wyoming Game and Fish Department (WGFD) personnel and the Attorney General's Office regarding the use of aircraft for spotting and locating game animals.

The regulation governing this activity, Chapter 2, General Hunting Regulation, is scheduled to be reviewed in February/March of 2010, along with 2010 hunting seasons and associated regulations. Draft language will be developed to address the issue of using aircraft to access land-locked public land which will be included in the draft regulation. Open houses and public informational gathering meetings will be held around the state to solicit public comment on this regulation as well as 2010 hunting season regulations. The official dates and locations will be published in early February with details on all open houses, public informational gathering meetings and how to obtain drafts and provide comments.

I anticipate the open house in Evanston will be sometime in mid/late March, but please watch for the news release or you may contact the Green River Office or Evanston game warden. You can also contact Linda Lembeck at the Casper Office (307-473-3400) on March 15, 2010 and she can provide you with a draft copy of the regulation and commenting procedures as well.

Sincerely,

for Steve K. Ferrell
Director
